*Our team is growing, and we are looking for an:*

## **BUSINESS ANALYST**

---

-  Must be a college graduate with a Bachelor's Degree in Business Administration, Management, Social Science, Public Policy, Economics, Communications, Security, or equivalent, with at least 2-3 years of relevant job experience in providing research and analytic services to corporate or diverse cultural organizations
-  Fluent in both English and Filipino (Tagalog) languages, may it be spoken or written, and exhibits effective communication skills and professionalism
-  With proven ability to exceptionally write technical materials and reports, exhibiting great command of various writing styles, concepts, grammar and syntax rules, and other formal writing principles
-  Demonstrates an inquisitive, investigative nature in uncovering the "truth" about the socioeconomic, political, threat/security, business, diplomatic, and influencing factors that play into the various risks faced by an entity
-  Capable of handling multiple requests and conducting fast balls and short turn-around-time tasks, especially on researching on groundbreaking market events, business changes and interruptions, socioeconomic, political, and security incidents, and can successfully operate in a fast-paced environment
-  With proven business support or management experience and knowledge of Security Industry and Business Startup regulations, practices, and compliance requirements is a plus
-  Has high levels of discretion, confidentiality, integrity, discipline, professionalism, and interpersonal relations
-  Must be willing to work in BGC
